Squatters' Claims.

A meeting of the Squatters' Board was held, at the Supreme Court, to-day, when a large number of claims from British Kowloon were settled. His Honour Sir John Carrington, Kt., C.M.G., president, and the others present were His Honour T. Searles Smith, Acting Puisne Judge, Hon. R. D. Ormsby, Director of Public Works, and Mr. Bruce Shepherd, Land Officer.

Distribution of Typhoon Relief Fund.

We are informed by the Tung Wah Hospital authorities, that 430 applications for relief, by poor people who suffered loss of property by the recent typhoon, have been dealt with by the Typhoon Relief Fund Committee. The Committee has worked hard in the investigation of these cases and frequently have sat up very late, in their endeavours to give justice to the claimants. In all, \$22,000 have been distributed, out of a total of about \$25,000 collected. There are a few cases not yet attended to, but the policy of the Committee all along has been 'first come, first served.'

A Lesson to a Policeman.

Before Mr. Hazeand, at the Magistracy to-day, an Indian from the Shatin Police Station, was charged with disobedience and with assaulting Sergeant Lander, his superior officer. The Indian was doing a bit of his own 'piddin,' when the Sergeant ordered him to attend to his duty. He refused, and struck the Sergeant a blow. His Worship commented on the fact that the assault took place in an out-of-the-way Station, where few policemen were kept, and was, therefore, very serious. On the first charge prisoner was fined \$10, with the alternative of fourteen days' imprisonment, and, on the second charge, he was ordered to suffer three weeks' imprisonment with hard labour.

The British Navy.

The leading national events, so far as we can anticipate them, of the new century will be the celebration of the 1,000th year of the British Navy, the foundations of which were laid by King Alfred, whose military career next October. It was in 875 that Alfred commanded 'boats and ships to be built throughout the kingdom, in order that he might offer battle by sea to the enemy as they were coming.' These ships, on which we are told Alfred placed a watch on the seas, were the cradle to the Navy. In the reign of Alfred's son a fleet of 100 ships held the Channel. To-day, after 1,000 years, the Navy consists of nearly 500 ships of war of all types, on which nearly 250,000,000 sterling has been expended in 11 years.

Tired of Life.

On Saturday, a middle-aged woman, named Alice Collaghan, lately employed as a bar-maid at Thomas' Grill Rooms, attempted, in a most determined manner, to commit suicide. She was staying at the Metropole Hotel, and, her actions becoming strange, a watch was set upon her. She was detected, about two o'clock in the afternoon, attempting to cut her throat with a razor. The Hotel servants, however, frustrated the attempt, but not before a slight wound had been inflicted. Later, in the evening, the unfortunate woman eluded her watchers and jumped over the veranda, alighting in the garden, 15 feet below. She was picked up and conveyed in a ricksha to the Hospital, where it was found that she had only sustained some bruises and a shaking. The woman had been drinking.

A Distinguished Entomologist.

An allusion which appeared in a recent *Globe*, to a certain 'distinguished entomologist' who 'never succeeding in pronouncing the letter H,' draws forth an excellent story from a correspondent. The entomologist in question was upon one occasion giving a lecture, and in the course of it he imparted the following piece of information:—'If a man could put up his head, with a top and a tail, and up over leading him till. This was generally known among the people as a piece of interesting information.'

LOCAL AND GENERAL.

News from the Philippines.

The U.S. gunboat *Bennington* has come to Hongkong to dock.

On New Year's Day, General MacArthur and Admiral Remy gave an official reception in the Palace at Malacanang. All the prominent residents were present, including many Filipinos.

By impersonating the Saviour, a Filipino has been able to defraud his credulous compatriots of tens of thousands of dollars, besides food and clothing, which have been sent out of Manila to rebels in the field.

On the 30th Dec., while the U.S. Transport *Warren* was leaving Manila Bay, she ran into the British ship *Mogul*, Capt. Baily, partially carrying away and damaging several of her plates. The *Warren* sustained little damage, and proceeded on her way.

Colonel A. S. Daggett, 14th U.S. Infantry, who distinguished himself in the relief of the Peking Legations, returns to the United States, and is succeeded by Major Quinton. Colonel Daggett is recommended for promotion to the rank of Brigadier-General.

The Court at Manila has decided in the case of alleged embezzlement raised against Mr. J. B. Mercer, marine engineer, that the crime, if crime there were, had been committed in Bangkok. The prosecutors, Messrs. Donaldson, Smith & Co., have appealed to a higher court.

The American authorities have instituted a crusade against impure liquors in the Philippines. It is suspected that many of the cheap wines imported into Manila are spurious imitations manufactured in Japan. We trust the Americans will be more successful in their crusade than we were in Hongkong.

The Americans have commenced the execution of rebels. Three men were hanged at Tayabas for a series of murders of loyal Filipinos and Chinamen. This method of protecting loyalists is expected to produce a good effect, as many of the Filipinos have held aloof from the Americans through fear of native reprisals.

Pollard's Lilliputians.

Booking is proceeding briskly for the opening night of this favorite company of 50 artists, who arrive from Calcutta to-morrow. Those intending to see 'The Gaiety' should lose no time in booking seats, otherwise they will be disappointed.

Supreme Court for the Philippines.

A Washington telegram states:—In the Senate to-day Senator Stewart introduced a bill creating a Supreme Court for the Philippine Islands, with five Judges, who are to be appointed for life, and each of whom is to draw a salary of \$20,000 per annum. The bill provides for an appeal on writs of error to the United States Supreme Court in all cases involving more than \$20,000, and in those in which the Constitution of the United States is involved. Speaking of his motive for placing the salary at so high a figure, Mr. Stewart said he had done so in order to secure men of character and professional standing for the office of Judge.

Outrage Near Quarry Bay.

On Saturday an outrage took place, on the road, near Quarry Bay, resembling somewhat that which took place, a few weeks ago, on the new road between Yau-mai and Shatin. The two partners of the Po Tai shop, No. 5, Des Voeux Road, were, between them, taking out to Quarry Bay a sum of nearly \$750, for the purpose of paying the coolies engaged on the work of excavation at Quarry Bay. About noon, when the rickshas reached North Point Battery, when seven men jumped up from the side of the roadway and attacked them and their coolies with bamboo. The suddenness of the attack made the party easy victims of the robbers, and before they could realise what had happened, the robbers had gone, taking the money with them. The matter was reported to the Police, and a strong effort is being put forward to trace this gang of daylight highwaymen.

'A Fightin' Man.'

Police Sergeant MacSwiney had a very tough time of it, on Saturday night, with an American sailor from the transport *Caracca*. The sailor struck a fighting attitude outside the Travellers' Hotel and challenged all the British blue-jackets to come out. He used most insulting language, and, indeed, was going to 'lick' a crowd. The Sergeant asked him to desist, and, as he paid no heed, got into grips with him. The sailor struggled, and when they were both rolling on the ground, the Sergeant received a kick, which cut his underlip very severely. The Sergeant then drew his baton and belaboured the Yankee. Two Inspectors of Police then came along and the sailor was dragged off to the lock-up. He was very penitent before the Magistrate to-day. He said he had had a drink, but believed he had been drugged. He was sorry for what he had done. Taking into consideration the fact that the prisoner did not know what he was doing, the Magistrate inflicted a fine of \$15, which was paid.

Circumstantial rumours have been prevalent for some days that Knutsford Terrace at Kowloon had been purchased by the military authorities. The disposal of its property would have entailed the winding-up of the Kowloon Land Building Co., Limited. We are informed, however, on good authority that there is absolutely no foundation for the rumour.

Gao Ticht.

A gentleman in the North-East was very anxious to gain a seat, and began counting a constituency more than a year ago. His wife, an English lady, visited the country folk to aid his cause, and came to a farmer who was starting a brick factory, and immediately she became greatly interested in bricks. A week ago she was again in the same parish, and met as she thought the same man, and stopped to speak to him. 'And how do your bricks get on?' she asked, eager to show her sympathy. As it happened the man was wearing a new pair of trousers, and imagined she referred to them. 'It's nice for you to ask about them,' he said. 'They were a terrible tight at first, but they fit fine now.'

Japanese Duties.

It is reported from Tokio that the Japanese Cabinet, at a meeting held recently, passed a resolution in favour of increasing the saké tax and of establishing a new tax on beer and sugar, to make good the deficit of 20 million yen in the revenue budget for the next fiscal year. There are, however, signs that the Government's proposal will be strongly opposed in the Diet.

Shooting Competition.

The return match between 'C' Machine Gun Company and the Dock Detachment of the Field Battery came off at Kowloon, and resulted in a win for the Dock Detachment by 47 points. The conditions were 10 m. aside, and ranges 200, 400, and 600 yds. 'C' Company were beaten at every range. The refreshments were provided by the losers. Only nine fired, as the Dock Detachment were one short. 'C' Company's aggregate was 679, and the Dock Detachment's 726.

Dallas' Company.

Mr. Hugh Metcalfe, of Dallas' Company, is an actor of first-class reputation with a magnificent baritone voice. He understudied Hayden Coffin at Dallas' in *San Toy*. Outside of musical comedy Mr. Metcalfe has had a long and varied experience. Mr. Harold Godwin, the youngest member of Mr. Dallas' Company, has appeared at the Shaftesbury in *The Belle of New York*. His success was instantaneous, and his engagement lasted till recently, when he thought he needed a rest and change and decided to come East with Mr. Dallas.

Unfortunate Shooting Fatality.

Yesterday, a young Chinese servant boy, employed by Mr. Charles Kinck, son of Mr. C. Kinck, Manager of Hongkong Rope Works, was the victim of an unfortunate shooting accident by which he lost his life. Mr. Kinck, Jr., and a party of sportsmen, were out shooting in the neighbourhood of Samsun, Chinese territory, when by some unaccountable means, the charge in the left barrel of Mr. Kinck's rifle went off and lodged in the back of the servant boy, who was only a few yards distant. The lad died almost instantly. His body was brought to Hongkong and handed over to the police. The unfortunate affair is regarded as a pure accident.

The late Mr. Geo. Peebles.

The *N.C. Daily News* of the 29th December says:—The news will be read with great regret this morning of the premature death of Mr. George Peebles, Director of S. C. Farnham & Co., Ltd. Mr. Peebles was a marine engineer by profession and was for a time superintending of a special labor story there for the treatment of patients. At present, all cases have to go to Saigon, where there is a Pasteur Institute.

A Week of Prayer.

The new year and new century, with their vast possibilities, are being inaugurated in the Colony, by the Evangelical Alliance, with a week of united prayer. A series of prayer meetings commences to-day and will continue till the 13th, and all Christians are invited to take part. The leaders are the Bishop of Victoria, Rev. G. J. Williams, Dr. C. R. Hager, Rev. W. Banister, Rev. W. J. Southern and Rev. J. H. Franco. The meetings take place every afternoon from five to six o'clock, in the City Hall, and in addition to leading the prayer, each of the reverend gentlemen mentioned will discourse on a subject of interest. The Bishop of Victoria will 'speak this afternoon, his subject being 'The Church Universal.' To-morrow, when Rev. G. J. Williams leads, the subject will be 'Our Own Land.'

Harbour Office Inquiry.

Before Mr. Basil Taylor, at the Harbour Office to-day, an inquiry was held as to the collision, on the 2nd inst., between No. 6 Dock launch and the *Guiding Star*. The master of the Dock launch, Chan Ying Fu, stated that, on the evening of the day in question, he was near the M. M. buoy, when he saw the *Guiding Star*, on port bow, coming from Pedder's Wharf. He kept straight on, but the *Guiding Star* ran into him and struck him on port-quarter. When a collision appeared probable, he blew his whistle, but the master of the *Guiding Star* paid no heed and went ahead without easing her engines. The master of the *Guiding Star*, Pang Lok, said he was steering when he saw No. 6 Dock launch on his star-board bow. He eased his engines, but was unable to avoid collision. The decision of the Court was that the *Guiding Star* should have kept clear. No. 6 Dock launch was apparently taking no steps to avoid collision, should have taken the initiative. The certificate of Pang Lok was suspended for a period of two months, and the master of the Dock launch was admonished.

China Coaster's Tide Book.

Messrs. Kelly and Walsh have issued their handy pocket manual known as 'The China Coaster's Tide Book' for 1901. It is a work of supererogation to say anything in praise of this publication, which is got up in Messrs. Kelly and Walsh's best style, but we learn from the preface by Mr. Gundry, the compiler, that some additional matter has been introduced, a portion of the contents subjected to some re-arrangement in consistency with the general plans, and that the whole work has been revised down to the latest possible date. In addition to tidal information, everything the coaster wants to know about lights, fog signals, port regulations, pilotage tariffs, &c., &c., is contained in this compact compilation. It should be in the pocket of every alert and careful navigator.

Presentation.

On Saturday evening, Mr. R. Cooke, Assistant Manager of the Dock Company, was waited upon in the Reading Room at Kowloon Docks by the members of the European staff, and presented with his life-size portrait as a souvenir of the new year 1901. In making the presentation Mr. Rutter referred to the long and friendly association of Mr. Cooke with the staff and to the many kindnesses they had experienced at his hands. He regretted that Mr. Cooke's state of health had prevented him from being present at the annual reunion, but felt convinced that he was with them in spirit. He had much pleasure in handing him the life-like portrait, wishing him on behalf of all present good health and happiness in the coming year. He asked the staff to drink to the long life and prosperity of Mr. and Mrs. Cooke. Mr. Cooke, who was deeply touched, thanked Mr. Rutter and all present for the kind manner in which his health and that of Mrs. Cooke had been responded to, and in accepting the picture said it would be much treasured by himself and handed down to his son after him as another token of the kindly spirit which he has always found exhibited towards him by the Dock Coy's employees with whom he was proud to identify himself. The proceedings were brought to a close with three hearty cheers for Mr. and Mrs. Cooke.

A Bazaar Story.

I have lately come across a little story of the Duchess of Montrose, whose name is no less renowned than her philanthropy. The scene was a bazaar where the Duchess was selling photographs. One old Scotch 'buddy' of the more frugal sort, was very anxious to secure a photograph of the Duchess, but the price asked was five shillings. The old woman hesitated; she wanted the photograph, but she could not so much as touch it. 'You can have my husband,' said the Duchess, with an amused glance at the Duke standing near, 'for two-and-sixpence. The would-be purchaser looked at the Duke and then at his photograph contemptuously. 'Half-a-crown!' she blurted out. 'I wouldn't give a silver shilling for him. But,' she added, 'I'm right willing to give half-a-crown for your bonnie self.' The Duchess was unable to resist this, and herself added the other half-a-crown to the bazaar coffers, or, as another version of the story goes, the despised Duke proffered the balance.

CAPT. LORING'S TEAM VS. LIEUT. STEVENS' TEAM.

Those who were present at the Happy Valley on Saturday were rewarded by witnessing the best display of Rugby Football we have been treated to this season. McMurtree, the Captain of the Club, has been unfortunate in having so many Civilian members injured this season, but Saturday's display should give an additional impetus to the game and cause many more young fellows to come forward and enable the Committee to arrange for a weekly match. The teams were captained by Captain Loring and Lieut. Stevens, and being very evenly matched, the result was that the game, from start to finish, was a fast one and of much interest to spectators. The forwards on both sides packed well, and in the open were exceedingly clever with their feet. Stevens, who is at present playing very strongly, was the best half-back on the field, leading his three-quarter backs accurately, and stopping several ugly rushes. Although Captain Loring's side won by 2 goals and 1 try to 1 goal, the opposing side had, really more, the game. Russell, the capable full-back of the Association team, deserves a special word of praise for his display. Considering that he never played Rugby until this year, his play on Saturday was
